

# Ositadimma Nduka

**AWS Certified Cloud Practitioner | AI & Cloud Solutions Specialist | Agile Project Manager**

Greater London, UK | [ositanduka@gmail.com](mailto:ositanduka@gmail.com) | 07961027111 | [LinkedIn](#) | [GitHub](#)

## Summary

Highly motivated and results-oriented AI & Cloud Practitioner with a strong background in cloud technologies, automation, and Agile project management. Passionate about designing and implementing scalable AI-driven cloud solutions that drive business growth and optimise efficiency. Proven track record of leading teams, fostering collaboration, and delivering cloud-based projects on time and within budget. Eager to leverage expertise in AWS, IBM, DevOps, and AI-driven cloud infrastructure to excel as a Cloud Solutions Architect.

## Skills

- Cloud Technologies (AWS, IBM, Oracle, AI & Machine Learning, Serverless Computing)
- Infrastructure as Code (Terraform, CloudFormation, Ansible, Kubernetes)
- CI/CD Pipelines & DevOps Automation
- Agile Project Management (Scrum, Kanban, Lean, SAFe)
- AI & Data Analytics for Cloud Optimisation
- Cybersecurity & Compliance (IAM, Networking, VPNs, Security Best Practices)
- Business Strategy, Financial Analysis & Leadership
- Stakeholder Engagement & Communication

## Experience

### Cloud Infrastructure & AI Solutions

AWS & AI Cloud Practitioner | Avonix Global Ltd  
Oct 2020 - Present | Remote, UK

- Designed and deployed AWS cloud environments with a focus on security, performance, and cost optimisation.
- Developed and automated CI/CD pipelines using Terraform, CloudFormation, and Jenkins.
- Implemented AI-driven cloud solutions, leveraging AWS Lambda, SageMaker, Bedrock, and serverless technologies.
- Ensured regulatory compliance and best practices in cloud security and data governance.
- Collaborated with cross-functional teams to improve DevOps workflows and enhance cloud automation.

### Entrepreneurship & Business Management

**Executive Director | Locked-On Energy Systems Ltd (Jan 1995 - Jul 2011)**

- Managed renewable energy projects across multiple international markets, driving a 50% revenue increase over five years.
- Led a team of eight professionals, ensuring seamless project execution and sustainable energy solutions.

### Government & Public Service

May 2011 - Dec 2022 | Hybrid, London, UK

**Electoral Registration Officer | London Borough of Newham**

- Managed distribution of electoral registration forms, achieving a 98% completion rate.
- Coordinated polling station setup and ensured smooth Election Day operations.
- Assisted diverse communities, providing exceptional communication and problem-solving support.

## Education

### University of East London (Sep 2016 - Jul 2017)

Master of Laws (LLM): International Law and Financial Markets

### University of Plymouth (Sep 2013 - Jul 2016)

Bachelor of Science (BSc) Law with Management

## Certifications & Training

### AWS Re/Start Graduate | Netcom Training (*August 2024 – Present*)

- AWS Certified Cloud Practitioner
- Advanced cloud infrastructure, AI integration, and DevOps automation.
- Hands-on experience in EC2, S3, IAM, Lambda, Kubernetes, and Docker.
- IBM certified Artificial Intelligence Technician

### Agile Project Manager | Scrum Master | OpenClassrooms France & Department for Education UK (*Oct 2023 - Dec 2023*)

- Expertise in Agile methodologies (Scrum, Kanban, SAFe, Lean XP).
- Developed product backlog, sprint planning, and Agile coaching skills. - [Trello Board](#)

### Front-End Web Development | Trilogy Online (*Dec 2022 - Mar 2023*)

- Proficiency in HTML, CSS, JavaScript (ES6), React, Node.js, GitHub.
- Built and deployed responsive AI-powered web applications. - [Portfolio](#)

## Technical Proficiency

**Cloud & DevOps:** AWS, IBM, Terraform, CloudFormation, Kubernetes, Docker, Jenkins

**Programming & Scripting:** Python, Bash, PowerShell

**AI & Machine Learning:** IBM, AWS SageMaker, Bedrock, TensorFlow, AI automation in cloud

**Networking & Security:** VPNs, IAM, Route 53, VPC, Firewalls

## Professional Development & Interests

**Cloud, Data Security & Compliance** – Staying ahead of evolving **cybersecurity trends** and best practices.

**AI in Cloud Computing** – Passionate about **AI & Data-driven cloud automation and optimisation.**

**Business & Tech Strategy** – Scaling **AI & Cloud-based Enterprises** for global impact.
